# Topics of the Conference

New developments and applications of vacuum electronic devices as well as materials, technologies and manufacturing techniques such as:

- **Electron Emission Phenomena and Modelling**
- **Vacuum Electronic and Discharge Devices and their Applications**
- **Technologies and Production Processes in Vacuum Electronics**

## Schedule

**Extended** Deadline for Submission of Abstracts

**May 27, 2026**

Notification of Acceptance

**June 10, 2026**

Deadline for Registration and Payment

**July 17, 2026**

Submission of Presentations in .pdf format  
for the Electronic Proceedings

**August 26, 2026**

Old and now PBH buildings have a hotel capacity of 99 beds, or hotels nearby

Registration Fee:

**590 EUR** including welcome dinner, accommodation, breakfast, lunch, dinner, coffee breaks, boat cruise on the Rhine River with second Conference Dinner

**440 EUR** if accommodation in a nearby hotel

# 1. Wilhelm and Else Heraeus Lecture Hall

**Facilities:**

**Lecture Hall with 100 seats (120 with additional seating)**

# 1. Wilhelm and Else Heraeus Lecture Hall

## Facilities:

- Lecture Hall with 100 seats (120 with additional seating)

## 2. Smaller Lecture Hall ("Mittlerer Hörsaal")

### Facilities:

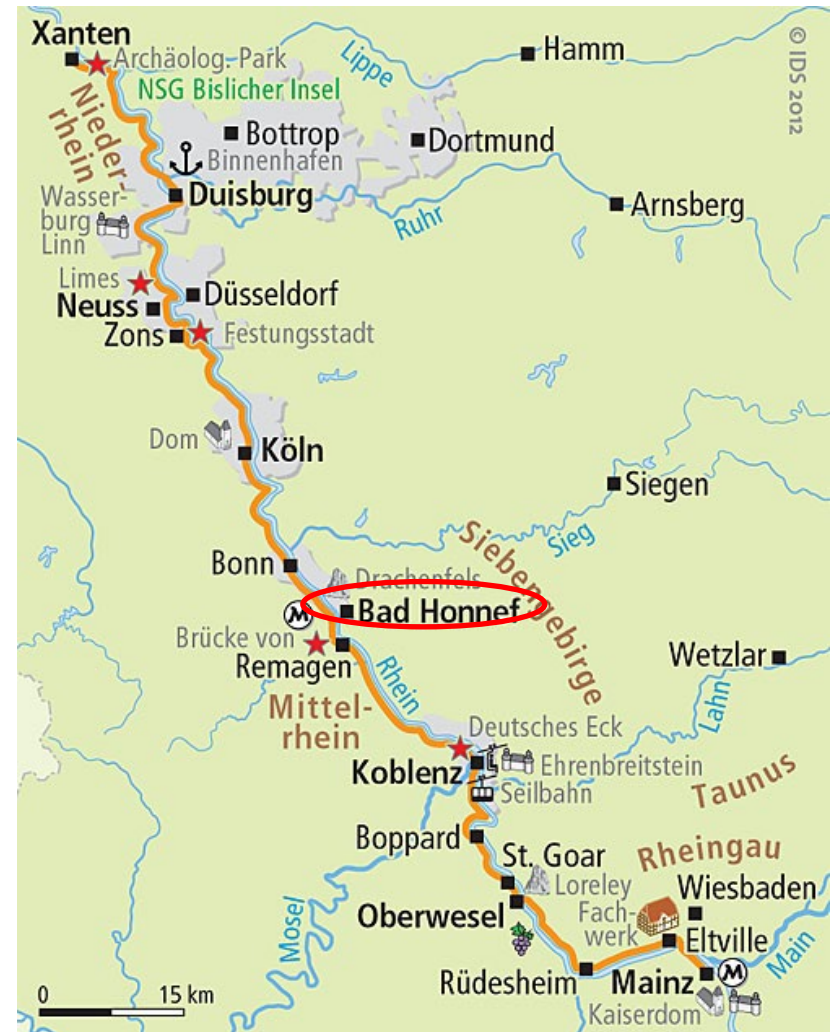

Possible conference live video in smaller Lecture hall (~ 40 seats)  
eventually video transmission of presentations

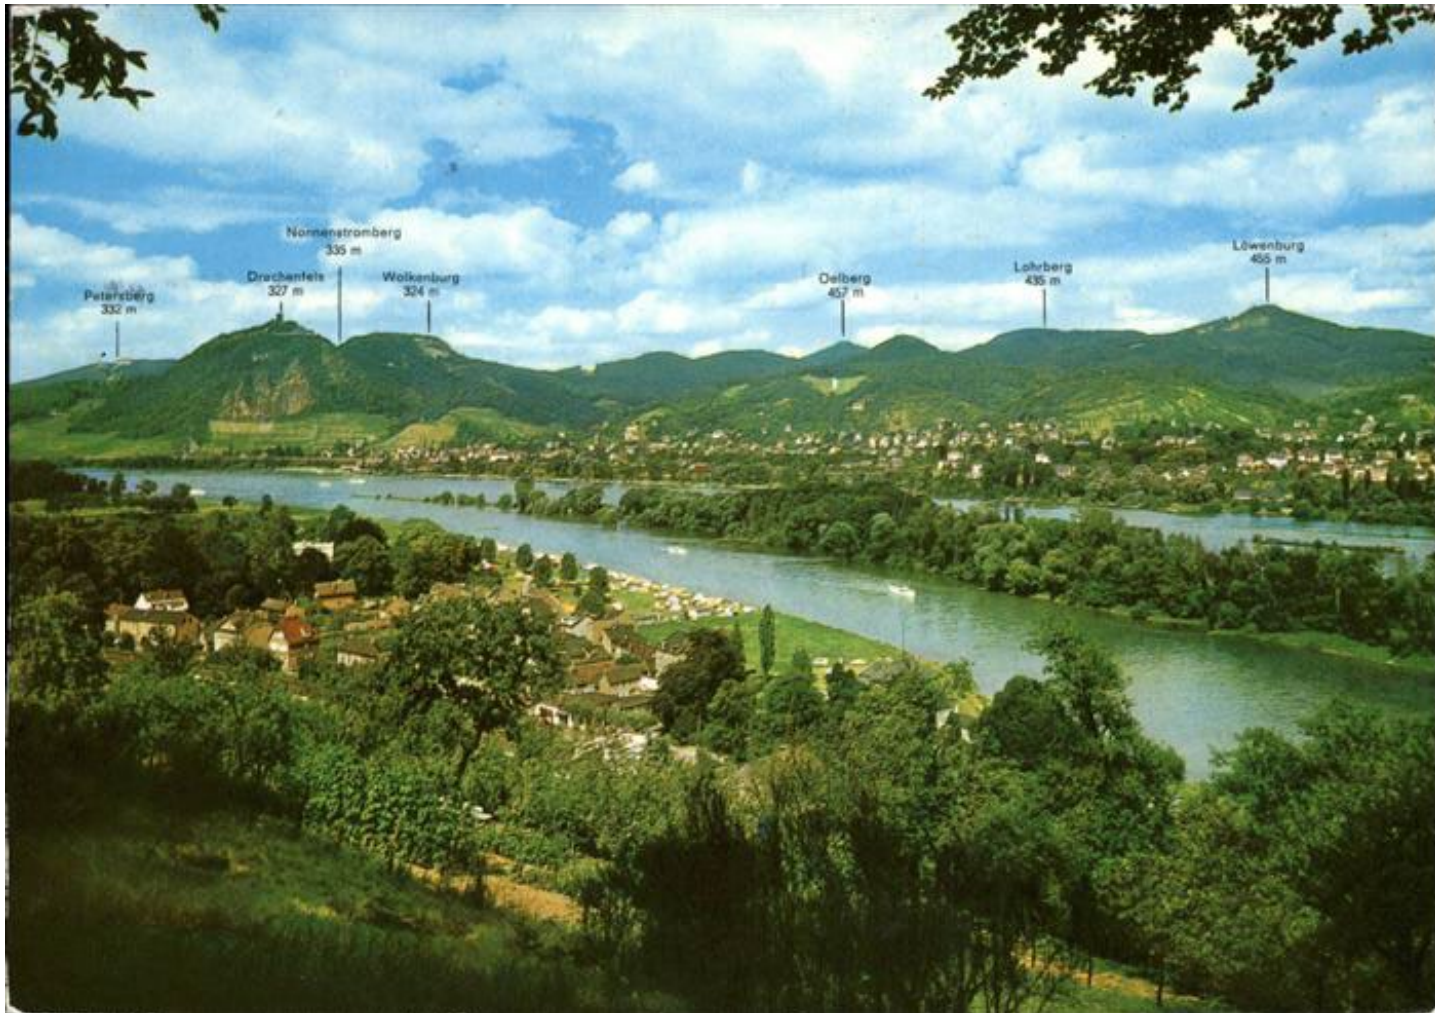

**The participants of 8th ITG International Vacuum Electronics Workshop 2022**

**Bad Honnef is situated at the banks of river Rhine near Bonn - Cologne and Düsseldorf are nearby**

**You can find more information on:**
